

How to Set Up ScreenCast – For Clients

Obtain your Streamtext URL

Example: https://www.streamtext.net/player?event=IHaveaDream

To make this work with Screencast:

- 1. Open Screencast.
- 2. Click the gear ^(C) icon:

Treedom and justice. I have a dream that my four children will one day live in a nation where

3. Click the Settings 🚔 Button

the where they will not be settings d by the color of their skin but by the content of their character.

I have a drea

4. – Adjust your settings. Event Name will be IHaveaDream
